IMPORTANT: TEMPORARY CAR PARK ACCESS RESTRICTIONS

Dear Parents / Carers,

We are due to have essential civil works carried out on the zebra crossing on school site next week. We hope that this will improve safety at this crossing. Despite our best attempts to have this work completed in the holiday period, this has not been possible.

This work will therefore commence on Monday 8th January and should last all week.

We have attempted to keep disruption to a minimum but works of this nature on the main access route have obvious implications. Access to the visitor car park will be extremely limited. We are therefore have no alternative than to close the car park to parents (with a parking passes) during this period of work.

We would therefore **strongly advise** that you park in the Portland Bus Park to drop off / pick up on these days. Should you decide to park on Sparken Hill, please ensure that you do not park on the yellow zig-zag sections of road and please respect our neighbours right to access their own driveways.

A temporary crossing will be installed to ensure a safe pedestrian crossing space during these works. We would remind you to be extra vigilant when crossing at this point.

Kind Regards

Mr R Lilley

Principal
